DRINKING REPORTED

Hold Scion of Oil Family on Technical Charge of Murder Suspicion

(Copyright 1935 By The Associated Press)

DOWNINGTOWN Pa Sept 12— Evelyn Hoey blond torch singer of Broadway and Paris was found shot to death early today at the farm home of 29-year old Henry H Rogers Jr son of the late Standard Oil multi millionaire

Rogers was brought here on a technical charge of suspicion of murder Police said he had been drinking and that the tragedy followed a party at the farm house

The death of the girl who popularized the song What Is This Thing Called Love ? in the show Fifty Million Frenchmen in which she was co-featured with Betty Compton Mrs James J Walker) was first reported a suicide

Says There Was Argument

Rogers said there was an argument during the night and that the girl who won Broadway prominence playing the lead in Yours Truly opposite Leon Errol went upstairs alone

We heard a shot Rogers said and when we ran upstairs we found her lying on the floor

A single bullet had entered the left side of the 24-year-old girls head passed through and lodged itself in the wall

At her feet police found a 45 calibre pearl handled pistol On the bed was an automatic covered with blood and in a corner of the room was a sawed off shotgun

Rogers whose friends have been packed with those who are seeking was taken to the Chester county prison Chief of Police Chester Gibson and Detective Francis Grubb were the officers who said Rogers had been drinking

Chauffeur Breaks News

Word of the Minneapolis born actress death came from Frank Catano Rogers chauffeur He drove to nearby Cuthbertville early today and said a suicide had taken place at the Indian Run farm of Rogers

Catano first told his story to Dr Thomas Richmond and he declined to make the journey to the farm when his wife objected on the grounds that she disliked the reputation of the place

It was then that Catano came here and notified Chief Gibson While the police chief was awaiting the arrival of Deputy Coroner Harvey Cox Rogers attorney Joseph Clark rushed into the office and also reported a suicide at the farm

Lending weight to the suicide theory was the statement of Clyde Battin a farmer employed by Rogers who was in the house He said that Rogers and a companion W J Kelly of Union City N J never left the couch in the living room until after they heard the shot upstairs

When the party of police officials arrived at the Rogers place they

Appeals To Utilities and Grocers for Credit After Exhaustion of Funds

CANNOT BORROW MONEY

Legislature Must Act Before August Checks Continue To Go Out

By The Associated Press

COLUMBUS O Sept 12—Henry J Berrodin head of the state old age pension division appealed today to utilities and grocers to extend credit to 72 000 pension clients whose checks are being held up for lack of funds

He said he was instructing county pension boards to call upon concerns and ask for the extension of credit to pensioners until the legislature provides funds for resumption of pension payments

Can't Borrow Money

Berrodin said there was no means whereby the division or the pensioners could borrow money in anticipation of new funds from the state

Payments were halted Tuesday to 72 000 pensioners The state control board by a 3 to 2 vote Wednesday refused to sanction an emergency appropriation of $750 000 to meet the needs

Three Democratic board members heeding Gov Davey's expressed disapproval of using general revenue funds for pensions voted against the emergency appropriation

Unless steps are taken to obtain revenue all pension checks for September will be held up They are due to go out shortly

Gov Davey who has said the matter is a legislative problem asserted he may call the legislature into special session Sept 18 to consider pension financing among other things

He is expected to ask the legislators to transfer about $4 500 000 in profits from the state liquor monopoly system to the pension fund for the last four months of this year

About $5 000 000 is needed and the governor has said the re-

Chain Letter Fad Is Back; Hankies, Quilt Blocks Now

Just when it seemed that the chain letter craze had passed into the limbo of things better forgotten up pops a new set of chain ideas that are having quite a success in Marion

The newest chains are quilt blocks and handkerchiefs and the appeal is mostly to the women

Already a number of Marion women are well on their way toward having new quilts and fresh supplies of hankies

Instead of sending money the recipient of the letter sends a handkerchief If it is a handkerchief chain—or a quilt block ditto Marion women have found the quilt block idea especially interesting because one of the rules of the chain is that the block must bear the sender's name and address embroidered in chain stitch When a quilt is completed it's a veritable map especially if the letters have been sent to other states

Few needlewomen can resist the urge to show their skill to others and that is probably why the quilt block chain hasn't gone haywire yet, those in the know

Age Pension Chief Won't Discuss Resignation of McCurdy and Cusic

When approached by The Associated Press in Columbus Mr Berrodin today refused to discuss the resignations of the two members of the Marion county board following differences over appointment of workers in the county pension office.

Two hours before the picketing had reached the peak in hurling stones and rocks through windows of the plant The spectators circling the street and sidewalks cheered them Then the police moved swiftly into action

Six armored cars moved down the street firing tear gas guns The police afoot followed them with swinging clubs They drew pistols and fired into the air

The crowd sought refuge between nearby houses and in alleys The police followed with shouts of let em have it Many persons were beaten others shot

As the police charged the wind changed and tear gas swept back upon the authorities

I believe they drew straws and Weiss lost he said

Every state office in Louisiana was closed as the hour for the funeral approached but all was far from quiet on Louisiana's pitiful front

In Rest Near Oaks

Long's grave was dug near two great oaks in the center of a beautiful sunken garden across the drive fronting the capitol It was Mrs Long's wish that he be buried there and the senator was himself quoted as having expressed a desire to lie in the state house grounds

SEPTEMBER 12

Emily's revolt is ended. Edwin ran away from Frances on their wedding day and worked at advertising in Chatham. But Edwin, stricken with pneumonia, returned to him and Emily, bright dream of Edwin at the same time trying to cope with all her duties as school wife and mother, her husband's jealousy. It is a struggle.

CHAPTER 23

The Barnes

so they had supper. Mr and Mrs Barnes sat there with the remnants of the preserves of Emily and Edwin's apricots in which she could disappear.

I suppose you'll be stopping in to get your shoes in a few years, Mr Barnes flung a sentence at the middle of Edwin's meal in a benevolent paternal desire candy to his children.

Edwin looked appealingly at Emily. She was aware of the hostility of the parents and pitied it, anxious for Emily to overcome it.

Emily smiled. "I don't know. Civic and religious activities are things that you can only engage in by doing once you've gotten them. I'm going to pick out a little house and do the other things later."

Mr Barnes read his own meaning into her remark. "I guess you're right," she said with a sigh. "I can't tackle. You probably be pretty busy with other things for a few years."

She blushed. He never quite understood why she had said that. She felt him to be somewhat displaced by veiled sarcasm. In the future she must become accustomed to having her every scrutinized whenever she came to the Barnes household.

The dining room was typical of Mr Barnes. The furniture was ornate, heavy and incredibly ugly. It had outlived one generation and would, if she should lack money or courage, outlive several more.

The china was rose sprigged Haviland and the heavy white damask smelled faintly of cedar. There was cold sliced lamb for supper and mashed potatoes with rich gravy and caramel cake and ice cream.

After addressing a few perfunctory remarks to her Mr Barnes talked to Edwin about business while Mrs Barnes discussed the presidential possibilities of the Woman's Auxiliary for the coming year.

Jeffrey Felton made it a rule never to discuss business at meals and Emily wondered why Mr Barnes and Edwin who had been together at the office all day found it necessary to continue the topic at night.

She wanted Edwin to tell her about his business but so far stooped in his father's contempt for feminine intellect he had been reticent. But meals she had been taught to believe were social affairs.

Mr Barnes didn't think so. Meals were purely for the purpose of holding body and soul together and you ate them and left the table. He didn't believe in dividing them into courses or sitting over the crumbs when you'd finished.

* * *

Emily's defection had been a great blow to his pride and only the most ardent entreaties from his wife had induced him to swallow the insult. They must do it, she insisted for Edwin's sake, if he still loved her and wanted her (though Heaven only knew how he could) then they must make the best of it.

She laid great stress on Emily's breakdown advancing the theory that illness had temporarily affected her mind. Such instances she hastened to point out had no connection with hereditary insanity, they were merely the result of illness.

In the end Mr Barnes had relented but he was actuated less by Christian forgiveness than by a recognition of the impregnable position the Feltons occupied in Fleton. Of course the position of the Barnes family was equally good but still—

I wish we could prevail upon your mother to accept the office, Mrs Barnes was saying. Actually she was wondering why they hadn't thought of offering it to her.

I doubt if she'll do it, Emily said. She was president three years ago and she believes in rotation in office. Besides she has so many irons in the fire.

Lucy Barnes knew that. She didn't exactly believe in dissipating your energies in so many fields, possibly because there were so few fields in which she could dissipate hers.

Stop Made for Picnic Lunch on the Way to Resort.

AT JUNIOR'S words I gave a start that we go faster. Mumsie! there mingled with my amused tenderness an elusive feeling of pain as if a ghostly finger had touched me.

It is not the first time that I have experienced such a feeling in a question of comment from one of my young people expressing the casual sharing of youth against time and their eager impatient anticipation of future joys.

There comes to me as often the realization that all too soon they will be jealously watching the years in the hourglass loath to let them slip away.

But the ghostly reminder failed me to careful tenderness in my answer to my young son.

We're going just as fast as we dare, darling. I will. Remember, we have faith with us and—"

Oh, Cuss! I forgot," he said, his face flushing with the chagrin a courtier might feel at even so faint a suggestion of lese majeste — ever had a more loyal gentleman than Ralph has in Junior and Roderick. Run get her up if we went so fast. Maybe he threw an heroic breath, you'd better slow up now. Maybe this much will hurt her."

Katherine Reassures Him

Katherine's amused but reassuring voice sounded from behind us.

Listen to the voice of a hasty Junior, she said. Your mother does not need to slow up. The speed she's going is just right. Faith has stirred!

That's all right then. His voice was blithe again. All he cared was little for to the absorbing sights along the road—some children chasing a dog, a motorcycle policeman with a little book taking down the name of an auto, a pig looking most like a goat tied to a tree—the unholy trifles so exciting to child-hood to be found along any road in the rambling disk of the city.

Where do you plan to stop for lunch? Katherine said in the same monotonous tones she had used before taking no chances on awakening Faith.

It will be all right. I set out to do it, won't I? I countered.

Oh, yes, of course. We won't need a hot lunch until we stop for the night. But I do want an open grassy space with some big trees for background and I made out later than an hour from now. Will you have to find one in that time?

Knows of Spot

In less I promised promptly for on a recent motor trip with Dicky I had seen a spot made to order for both time's specifications.

I won't waken Faith if you arrive ahead of time, she threatened.

You won't need to, I retorted. Well find plenty to do getting luncheon and for Faith's requirements in readiness for a picnic meal.

It will suit me exactly, she said, and I have no doubt Faith will be ready to join the party when it is ready. Send up a pell

tion to your special joy that she won't waken ahead of time."

"I'll consider the matter." I leaned back Hib and Junior piped up eagerly.

"What's a joss Mumsie?"

Finales Answering

I caught my breath in vexation. I knew the active imagination of a child on a trip did not care to have Junior conjure up a picture of either Katherine or me in peril that before an idol. On the other hand none of us ever refuses to answer any reasonable question of Junior Roderick's and this query was emphatic I must. I took refuge in plausible evasion.

"I have time to tell you, dear," I said. "I'll explain all about it the first chance I get."

When she does explain Junior, Katherine drawled, "remember that my little speech just now was just a joke, not to be taken seriously."

Okay," he said satisfied and spoke no more except for occasional comments upon things fascinating to small boys which he saw along the beautiful Hutchinson Parkway through which we presently traveled and which we left only a few minutes before turning into an unfrequented road that I remembered from my trip with Dicky and which had been my objective since leaving home.

There I said triumphantly a few minutes later as with a waving gesture to the cars behind I drew up at the side of the road. How does this suit you as a picnic grounds?

GIANTS AND CARDS OPEN CRUCIAL SERIES AT ST. LOUIS PARK

Detroit Moves Into New York; Indians Take Last Game from Yanks

By Hugh S Fullerton Jr
Associated Press Sports Writer

The pennant tandem which has been shimmering for a time that began to bulge over today as the Giants still strong contenders for the National League flag, although relegated to third place opened a series with the leading Cardinals and the Yankees in a last ditch fight to overtake the fast flying Tigers

The Yankee Detroit affair was crucial only from the New York point of few since the Yanks were 7½ games behind at the start but the Battle of St Louis had so many angles that all three pennant contenders had to regard it as highly important

Paul Dean Wins

After varying fortunes in the first half of their western tour had left them 3½ games behind the Cards the Giants needed a clean sweep of the four game series to show any real progress That would put them ahead of the Cards but no one while the Cards might take over the lead by pasting Brooklyn till the Giants would find themselves in another struggle for the lead when they go to Chicago next Monday

Both teams had their mound aces ready to fire the opening guns today with Carl Hubbell scheduled to pitch for the Giants and Jerome (Dizzy) Dean for the Cards

The other half of the Dean combination Paul warmed the Cards up for the big series yesterday by trimming the Phillies 10 to 2 Paul pitched a seven hit game while Ollie Jorgens three times victor over St Louis this season was blasted out by a seven run splurge in the third

The Giants after three straight triumphs over Pittsburgh had moved them back into a threatening position ran afoul of a Paul Waner hitting spree and went down 10 to 7 as Roy Parmelee failed to go the route for the eighth straight time Lloyd Waner scored four runs and batted in six as he clouted a homer with the bases filled, a triple and two singles As some consolation for his club Mel Ott smacked homer No 30 for the Giants two doubles and a single

Indians on Warpath

The Cubs kept their place a game behind the Cards by whipping the Braves 13 to 3 It was Boston's 12th straight loss

Detroit struggled 12 innings against Washington and went down 4 to 3 when Tommy Bridges left fly a wild heave to ward third on Red Kress' hit and Roddie Estalella scored the odd run

The Yanks led Cleveland 4 0 going into the ninth with Johnny Allen pitching one hit ball Then Chief Lal Averill led the Indians on the warpath in the ninth with a home run and they won 5 to 4

Red Sam Jones pitched steady ball and Zeke Bonura set the hitting style with his 20th circuit swat as the White Sox pounded the Red Sox into submission 10 to 2

The Reds after losing three straight hammered out 16 assisted hits to trim Brooklyn 7 to 1 and give Paul Derringer his 18th hurling victory

MILLERS NEED ONE GAME FOR PENNANT

Only Points Keep Race Open, Columbus Out of Third Place

By The Associated Press

CHICAGO Sept 12 The Minneapolis Millers today faced only percentage points of having the American Association championship screwed away

The Millers did everything except put on the final clamp last night by trouncing Milwaukee 10 to 1 at Milwaukee They have five games left and if they lose all of them while Indianapolis was winning its remaining seven the Indians would sneak in on a percentage basis—5818 to 5811

Indianapolis clung to its almost non existent chance by conquering Toledo 9 to 8

Kansas City got back into third place ahead of Columbus in the battle for the third position by splitting a doubleheader in their own park with St Paul The Saints won the first 4 to 2 but dropped the seven inning second contest when the Blues scored four runs in the sixth

WILMER ALLISON IN SENSATIONAL UPSET OVER FRED PERRY

All-America Finals Listed for Today Helen Jacobs Wins

By The Associated Press

FOREST HILLS N Y Sept 12 —Wilmer Allison of Austin Texas and Sidney Wood Jr of New York were matched for the United States singles tennis championship today in a best of five sets clash

Taking their national rankings into consideration that's just as it should be Allison tops the nations First Ten while Wood is only a notch below

Allison created a staggering upset yesterday when he scored a thrilling straight set victory over defending champion Fred Perry of England

In that match it was Allison who was the world's foremost amateur Perry had carried that designation for the past couple of years because of his all-conquering exploits at home and abroad but against Allison he was just an other player

With that match under his belt there appears to be no stopping Allison Perry indeed suffered a painful injury to his right kidney in the first set But that not withstanding he was due for a licking as he said so himself after the match

On the strength of his showing in winning from Fitz Grant in the other semi final it appeared doubtful if Wood could stand Allison's fast pace But the Texas New Yorker is counted on to put up a battle

With the completion of the Wood Allison match the U S Lawn Tennis association's first combined men's and women's singles championships will come to an end The women's tournament ended yesterday the same way it has for the past four years with Helen Hull Jacobs of Berkeley Calif winning again She beat her victim of the final a year ago Mrs Sarah Palfrey Cahan of Brooklyn Mass in straight sets

NIGHT GRID GAMES FOR NEW ENGLAND

By International News Service.

WORCESTER, Mass. — Night football in New England may be introduced by Worcester Tech this fall.

Coach [illegible] which is making no bones about his intentions of climbing to the top, is believed negotiating for a lighting system similar to those in other sections of the country where night football is played.

Tech is the only New England institution playing football under the arcs.

MIAMI COACH SAYS TEAM WORK NEEDED

By The Associated Press

OXFORD, O., Sept. 12—Team work, rather than individual ability, will be depended upon by Coach Frank Wilton when he sends his Miami university Redskins against their gridiron opponents during the coming season.

Fifty odd candidates reported for football practice at Miami, and after an initial survey of the material Coach Wilton said the 1933 prospect depended on getting the right combination of men on the field.

With one lone exception—the veteran Jim Cole, end, of Richmond—there seems to be no sure-fire starters on the squad. Nine other lettermen available must beat out reserves and sophomores for their positions.

While the squad, as a whole, appears to be better than last year, its possibilities are an unknown quantity. The material, for the most part, is "green" and Wilton must employ early practice sessions teaching the fundamentals to the newcomers.

Followers of the Redskins think Miami will have a rough time in the Buckeye conference beating Wesleyan, Ohio U. and Cincinnati, but they give the home boys an even break against Dayton and Marshall.

Two lettermen, upon whom Wilton was depending, failed to return. They are John Vlachos, tackle, and Bill Huck, guard. Of the more promising sophomores, Bill Kuhles, 200-pound Lakewood tackle, and Albert Litwak of Barberton, relief quarterback, did not reenter school. All in all, the Miami grid prospects are anything but bright.

LITTLE CONTINUES MARCH FOR FOURTH AMATEUR GOLF TITLE

Defending Champion Blasts Way Toward Final Siege.

By The Associated Press

CLEVELAND, O., Sept. 12—That Little man was growing bigger today.

As 15 others answered the starter's call with him for the fifth round of battle in the 39th National Amateur golf championship, Lawson Little Jr., San Francisco's broad shouldered par slugger supreme, was such a pronounced favorite he was even money to win his fourth amateur crown in succession.

Out of a series of sharp explosions that blew the last of the former titleholders out of the trenches yesterday, that Little man did a lot of dynamiting of his own to crush two game young foes and run his string of consecutive conquests to 27 straight. Blasting par by seven blows over the 28 holes he traveled, he mowed down Knox Young Jr., Pittsburgh insurance salesman, 6 and 5, and Bobby Riegel, southern amateur champion from Richmond, Va., 5 and 3.

The seemingly hopeless job of short circuiting the San Francisco powerhouse, who takes the fight out of his rivals right from the tee with 250 to 300-yard drives, fell to Warrington McCullough Jr., an automotive supply salesman from Philadelphia, in the first of the last two 18-hole "sudden death" duels today.

All eyes were fixed on Little and his bid for his second successive "double"—two British and two American amateur championships—but there was plenty of class left in the field. As such sharpshooters as Ross Somerville of Canada, Charles Yates of Atlanta, Dave Goldman and Reynolds Smith of Dallas and Ed White, national intercollegiate champion, were upset yesterday, the hottest series of rounds in the tournament's 39 year old play were scored.

Not a former champion was left standing and only one previous finalist, John Goodman of Omaha, still fought on. Goodman, making his best title showing in three years, won two tough matches yesterday.

In the last quarter with Little was Willie Turnesa, one of the seven noted golfing Turnesa brothers, was actually eager to get a crack at Little. Last year at Brookline, Willie, 20-year-old undergraduate at Holy Cross, was stopped by Little in the quarter-finals, and to this day he still thinks he can beat him.

Willie has been playing superbly all week but must beat George Voigt, veteran from Mamaroneck, a tough rival in any league, to earn another crack at the champion—if Little doesn't get upset himself. Voigt survived his fourth match by sinking a 20 foot putt for a birdie in the 9th to beat George Enos, Cleveland youngster.

The Metropolitan P. G. A. tournament will be held at Southern Parkway Country club, which has 151 traps on its narrow tree-lined fairways.

Mel Ott made five singles and a double his first 13 times at bat in the crucial mid-August series between the Cards and the Giants at the Polo Grounds.

BANDITS ROB TWO GASOLINE STATIONS

Delaware and Worthington Places Held Up Stolen Auto Used

Three armed bandits last night held up two filling stations one at Delaware and one at Worthington making their escape in an automobile reported to have been stolen in Columbus shortly before the holdups

Shortly after 11 o'clock last night the bandits broke into the drive at Huffman's Filling station in Delaware located in the heart of the city a half block from the site of the county jail

Two of the men got out of the car and while holding the cash register and robbing the attendant of approximately $52 they locked him in the washroom Before they left the bandits filled the gasoline tank on their car

At 2 a m today the bandits answering the same description and driving the same car used in the Delaware robbery held up and looted a station at Worthington near Columbus The amount of money obtained was not reported Neither attendant was able to catch the license number on the car

The Marion substation of the state highway patrol received a report of the two holdups

Remain In Session

The league council recognizing frankly the danger of league delay in the Italo-Ethiopian dispute decided today to stay in session throughout the crisis

Only when and if all threat of war was removed definitely league sources said would adjournment be considered

British delegates seemed determined to try to prevent a repetition of the episode during the Sino Japanese dispute when the league contended itself with a moral commendation of Japan and a decision not to recognize the Japanese dependent state of Manchukuo

The assembly resumed its session in an atmosphere of undiminished tension

The Italian representatives still irritated by the speech of the British foreign secretary and its implied threat of sanctions repeated the warning attributed to Premier Benito Mussolini several weeks ago to the effect that "sanctions mean war"

Can't Reach Il Duce

Premier Pierre Laval of France resuming his discussions with the British had not yet succeeded in getting through to Mussolini by telephone a last appeal for a conciliatory gesture from Rome

He was believed in informed quarters however to be still hopeful that he could reach Il Duce's ear before tonight Laval must speak for France before the assembly tomorrow and league circles believed Mussolini's attitude toward his conciliatory efforts would be likely to determine to a great extent what he would say

All governments were urged to remain faithful to the league covenant in connection with the Italo Ethiopian conflict in a resolution adopted by the women's disarmament committee of women's international organizations

mainder may be taken from the general fund although he did not favor it

Democratic members of the state control board expressed opposition against the use of general fund revenue They voted solidly against an emergency appropriation and two Republicans favored it

No application for funds was made by the pension department

The board in its 1 to 2 vote acted on a motion by Dale Dunlon representing the attorney general that the division should be advised the board would consider such an application

Dunlon insisted "There is no use dilly dallying about it" but M Ray Allison state finance director replied

Sees No Emergency

Although these funds are temporarily exhausted in the light of Dunlon's recognition that any action this subject by the general assembly it clearly appears there is no legal justification of an emergency nature for exhausting the funds provided for unemployment

WHEAT PRICES DROP AFTER STEADY GAIN

Profit Taking and Hedging Sales Counteract Effect of Firmness Abroad

By The Associated Press
CHICAGO, Sept. 12—Wheat futures failed to hold early upturns of prices today and the market here ruled lower in late dealings.

Profit taking and hedging sales in Chicago proved to be more than a counterbalance for firmness of markets overseas. Houses with eastern connections were prominent as sellers on wheat price advances.

CHARGE CHANGED IN DRIVING CASE

Fine of $50 Assessed by Judge Martin on Guilty Plea to Intoxication

After police authorities dismissed a charge of intoxicated driving against him and filed one of intoxication, Marion R. Williams of 203 Marion avenue was fined $50 and costs today when he entered a plea of guilty before Judge W. F. Martin in municipal court.

The drunken driving charge was dismissed by police when an investigation of the details of Williams' arrest by Police Prosecutor Z. P. Davis revealed that he was apprehended on a public highway but on private property.

Williams was arrested Sept. 2 when pulling out of the drive at the Union depot. According to Prosecutor Davis drunken driving is a punishable offense only when it occurs on a public highway or street.

Williams who had been out on $106.20 cash bond paid his $50 fine and costs and was released.

5,000 ATTEND FAIR'S SECOND DAY PROGRAM

(Continued from Page One)

larger and different than last night's, the secretary said.

The pet lamb show on the grounds today was one of the centers of attractions on today's program. More than 20 boys and girls under 12 years of age demonstrated their ability to lead lambs and how well the lambs were trained to follow. This show was sponsored by the Kiwanis club which entertained the boys and girls at a luncheon on the grounds today.

Twenty-two lambs were entered by Marion county children in the lamb show. Although a number of the pets performed well in front of the crowd of more than 250 others refused to show their tricks or be have in the confusion of the judging pen.

Ten bucks and 12 ewes were entered with judges giving 65 per cent credit in the judging for the quality of the lamb and 35 per cent for the performance.

The Winners

Results of the judging were:

Bucks: Ludwig Nickel, 11, of Agosta, first; Betty Hoope, [illegible] of LaRue, second; Robert Heller, 9, of LaRue, third; Clara Mae Ruehrmund, 5, and Wayne Ruehrmund, 8, of near Marion, fourth; Betty Jean Elmer, 6, of Prospect, fifth.

Ewes—Naomi Mauntz, 9, of near Marion, first; *Donald L. James*, [illegible] of Agosta, second; Norman Selter, 9, of near Marion, third; Rosalie Lyon, [illegible] of Caledonia, fourth; Betty Jean Denman, 8, of Prospect, fifth.

Two pet lambs entered by Clara Mae and Wayne Ruehrmund were hitched double to a coaster wagon for which the children had built a special tongue. Clara Mae rode while Wayne led his charges before the crowd and judges. The ewe lamb entered by Donald Selter showed Kiwanians how she could pick sweets from the shirt pocket of her young master.

All children entering pets in the show were presented with remembrances by visiting Kiwanians and each member kidnaped a child for the luncheon which followed the judging.

Judging was under way in several departments yesterday. Granges were judged and crop winners in the vocational agriculture division of the junior fair were announced.

Among the subordinate granges of the county United took first prize, Progressive second, Grand Prairie third, Bowling Green fourth and Bethlehem fifth. Among the juvenile granges, Grand Prairie won first, Mt. Olive second, United third and Bowling Green fourth. H. C. Althouser of Kenton was the judge.

Winners in the vocational agriculture division of the junior fair with the first and second persons named being winners of first and second places respectively follow: corn—Donald Jones of Prospect and Dwight Warner of Prospect; potatoes—Ralph Isler of Prospect and Harold Gelter of Pleasant school; wheat—Dale Thomas of Prospect and Wayne Brandes of Waldo; apples—Robert Everett of Agosta and Don Guinther of Marion; green truck—Earl Krock of Agosta and Kreston Owen of LaRue; soy beans—Lowell Schmidt of Agosta and Earl Krock of Agosta.

Judge 4-H Clubs

Judging also was completed in the 4-H club exhibits but no list of winners was to be compiled in view of the fact that judging was not conducted on a competitive basis. Homer Porteus, assistant county farm agent; R. L. Anderson, in charge of 4-H club work, explained that boys and girls who placed exhibits at the fair receive grades and all share in the premium awards totaling approximately $395 which will be shared in by 3[illegible] boys and girls.

GOVERNOR HINTS AT CLEAN-UP IN O. S. U.

continue to be great long after he has left.

Gov. Davey praised the public school foundation program passed by the last legislature. "The program opens the way for the greatest school program in the history of Ohio," he said. "Some practical school men have told me that this bill is the most constructive piece of legislation passed by any state in the last 100 years."

Large city newspapers which have opposed the governor's program were criticized again by Davey. "The violent opposition will not sidetrack me from my program of economy," he said. "As the chief executive of this state I owe a definite obligation to the sorely pressed tax payer."

The governor brought a ray of hope to old age pensioners whose payments have been stopped because of lack of funds when he said that increasing revenue from the state's liquor system will take care of the pensions.

The rally was sponsored by the Young Democrats of Hardin county. More than 1,200 attended. Other speakers were J. Freer Bittinger of Ashland, speaker of the house of representatives and State Senator John P. Bower of Russell; sylvania Attorney T. C. Mahon of Kenton presided.

BIRTHS

Attorney and Mrs. H. L. Dowler of 242 Cummin avenue are the parents of a daughter born yesterday afternoon at the City hospital.

A son, Robert Lewis, was born Sept. 10 to Mr. and Mrs. Robert Noggle of the Smeltzer road.

TORCH SINGER FOUND SLAIN AFTER PARTY

(Continued from Page One)

found Rogers and Kelly in little condition for questioning due, the chief said, to intoxication.

"Just Another Party"

Detective Crubl remarked later that the events preceding the tragedy apparently were "just another party."

All the persons at the farm were fully clothed.

Chief Gibson said he was told that Rogers an hour before the shooting had ripped the telephone from the wall. The fact that the phone was disconnected delayed notification of authorities about 45 minutes, he said.

There were many evidences of much drinking, the police found. Unfinished drinks stood about on tables. There was also ginger ale, liquor and melting ice in the living room.

What the nature of the quarrel was preceding the shooting was cloaked in lack of detail. Rogers told the officers that as a result of an exchange of words the torch singer had shouted she was going to pack up and go home. It was then she ran upstairs.

Hear Sound of Shot

Shortly afterward according to the story told there was the sound of the shot that cost the actress her life.

The chauffeur told officers that both Rogers and Kelly had told him they were on the first floor of the house when the shooting occurred.

Rogers had been drinking, said the chauffeur and was hard to understand. He said he heard the shot, ran upstairs, saw the girl's body and then came downstairs, a call for help. Kelly said the same thing. Kelly added that he and Rogers were talking when the shot sounded.

The girl was born Dec. 1[illegible], 1910, in Minneapolis. She was diminutive, blue-eyed and had honey-colored hair. In the summer of 1935 she played in Paris and she had the feminine lead in the London production of "Good News." Her earlier experience included vaudeville appearances and a tour with the Greenwich Village Follies.

Took Place Around Midnight

The shooting took place some time around midnight. It was still dark when the officers finished their first examination at the farm and brought Rogers to prison here. Kelly also was ordered held as a material witness.

Kelly is married. Mrs. Kelly in Union City declined to discuss the case until after she had received an expected telephone call from her husband this morning.

Rogers has been in and out of the public prints for many years both by reason of the great wealth of his father, who died recently, and because of his own adventurous bent.

He quit the luxuries of his father's home before he was 20 and went to work in a Cleveland machine shop for 25 cents an hour. He wanted to be an engineer, he said, and he failed to finish his education at Oxford.

Married Life Brief

In 1929 he was married to Miss Virginia Lincoln, the daughter of a Cleveland physician, but before the year was over there was talk of rifts and finally separation.

Hollywood called and he got a $1 a year job as cameraman with Paramount News. Because he lacked a union card he ran into difficulties at the Astoria, Long Island studios when he undertook to make some short subjects and when he attempted to take crowd shots at Madison Square Garden he was unceremoniously booted out.

Then Rogers went to Hollywood to give serious study to camera technique. In partnership with Harold McCracken he undertook to produce pictures and his first venture was a comedy concerning nudism.

On another occasion with his camera he went to the South Sea Islands.

GAST, DEPUTY ATTEND MEETING OF JUDGES

Probate Officers Discuss Amendments at District Session in Findlay

Probate Judge Oscar Gast and Harold Hall, deputy clerk, yesterday attended a meeting of a group of north central Ohio probate judges at Findlay at which amendments to the probate code effective Sept. 1 were discussed.

Judge Gast, asserting that amendments add red tape to the administration of estates, said the group passed a resolution which with similar resolutions from other parts of the state will be presented to Governor Davey. The resolutions will ask him to present proposal repeal of some of the red tape amendments to the state legislature if a special session is called.

An example of the new requirements Judge Gast said is publication of three separate notices following the appointment of an administrator. The cost and delay of going through the additional procedure required by the amendments have resulted in criticism of them he said.

J. J. CURL FACES 3 CHARGES AT WOOSTER

Wayne County Grand Jury Returns Indictments Against Marion Man

Three indictments containing 17 counts in connection with an alleged drawing and uttering and delivery of fraudulent checks and four counts of embezzlement of moneys the property of members of the Wooster Lumber Sales Co. Inc. were returned this afternoon by the Wayne county grand jury against James J. Curl of Marion, a news dispatch from Wooster states.

Mr. Curl has been in the Wayne county jail since his arrest several weeks ago on check charges.

Because of the livestock angle connected with Mr. Curl is alleged to have issued the questionable checks in connection with the operation of the company's livestock auction sale in Apple Creek, Wayne county, another hive has buzzed that the total amount of checks issued to consignors at the sale and reported to have been refused by the bank on which they were drawn amounts to approximately $5160.

Mr. Curl was first arrested on one check charge preferred by the consignors. He furnished $1,000 bond and was released. A day after he was arrested here by Marion police at request of Wayne county authorities who said an other check charge had been placed against him. Returned to jail in Marion on the second charge was fixed at $7,000 and shortly afterward an embezzlement charge was filed against him by the manager of the company of which Mr. Curl was treasurer.

Details of the embezzlement charges were withheld.

It was expected that Mr. Curl would be arraigned Friday or Saturday in Wayne county common pleas court. If a guilty plea is entered it is probable the judge will pronounce sentence at once. If a plea of not guilty is entered a trial probably will be returned.

HIS EXCELLENCY

One of a series of Associated Press sketches telling about the men who occupy the governors' chairs in the various states.

HERBERT H. LEHMAN
THE GOVERNOR OF
NEW YORK

New York state's governor, Herbert H. Lehman, gave up a $600,000 a year job when he entered politics in 1928 under the wing of Franklin D. Roosevelt, then governor.

Reverting all connections with his vast business enterprises, he became lieutenant governor that year and has been in the state's service ever since. First Lieutenant Governor in nearly a century to succeed to the governorship he is now in his second term. 57 years old, he has been a textile manufacturer, investment banker, director in 3 dozen corporations, educator, social worker, colonel in the army, assistant secretary of war and labor mediator; there seems to be no end to his energy.

He often plugs away at his desk far into the night, frequently jumping up to walk nervously up and down the floor in deep thought. He likes his job very seriously, seldom leaves Albany except on a week-end and then only in the summer. He has a home in New York City and at Purchase, Westchester county, where he gets together with his wife and three children. He is fond of fishing and golf but has little time for either.

The Stars Say--

For Friday, Sept. 13

JUDGE BY the inner impulses sustained by the mutual aspects this should be a day of fine initiative and enterprise with all the forces and faculties under high stimuli for launching new projects. This may involve a risk attended by some uncertainties and hazards especially of a financial nature but by shrewd use of clever insight to doubtful situations and hard work all should flourish in the long run. Tact and subtlety especially in signing papers should win out.

Those whose birthday it is may look for a year of great initiative and enterprise with rather strenuous efforts in building new plans and projects. Change of an uncertain or financially perilous nature seems involved but with the shrewd mind, tact and particularly keen insight into unwarning situations and with unswerving application all should prosper. The evil's diplomatic mind will further this.

A child born on this day although very energetic, resourceful and aggressive may have a crafty or shrewd mind and be disposed to hard and persistent work thus winning out over many obstacles.

THREE NEW UNIONS TO BE FORMED HERE

Central Labor Group Reports Organization of Additional Bodies

Three new local unions are in process of organization in Marion, it was reported last night at a meeting of the Central Labor union in Labor hall.

One is the Pattern Makers union being organized by I. T. Tardis of Lima and the other two are hotel and restaurant workers and waitresses.

The Central Labor union referred to its grievance committee the cases of two city workers allegedly laid off without regard for their seniority rights over a number of younger workers. The committee was instructed to take up these cases with Mayor Clarence A. Bolin who in a letter read last night assured the union he is willing to investigate the cases and who expressed willingness to respect seniority rights in cases where lack of efficiency or any other complaint regarding the conduct of the workmen is not a factor in their discharge.

The central group received a report from its legislative committee which is preparing to send questionnaires to the nominees for mayor to learn what rules as respect seniority of city workers can be expected of the nominees in the event of their election.

The central body voted last night to change its regular meeting night from the second and fourth Wednesday nights of each month to the second and fourth Tuesday nights of each month due to conflict of other activities of members on Wednesday nights.

Glen J. Swetland, president of the Central Labor union, was elected delegate to the American Federation of Labor convention to be held at Atlantic City, N. J., starting Oct. 2 for a two-week session. The Marion union asked Mr. Swetland to support a proposed change in the constitution of the American Federation of Labor whereby local federal labor unions will be placed under control of Central Labor union bodies in communities where there are central labor organizations.

Two new delegates were seated from the Stage Hands and Motion Picture Operators unions. The next meeting will be held Sept. 24.

PUBLIC ENEMY NUMBER ONE IS CONSTIPATION

New Method For Treating This Menace Is Brought To Us In The New Mixture Of Medicinal Plant Extracts Called Indo-Vin

Many people do not consider constipation as a serious threat or else carelessly treat this condition with harsh salts or destructive physics which harm the delicate system or form habit. But sensible people are using the scientific formula known as Indo-Vin which gently cleanses the rough wrinkled walls of the whole intestinal tract, thus getting after the poisons that would otherwise contaminate the blood stream and rob us of energy and good health. Indo-Vin is now being introduced to the public daily here in Marion by the Indo-Vin Man in person at Eckerd's Drug Store, 140 S. Main street.

WHAT SCIENCE HAS DISCOVERED ABOUT CONSTIPATION

Indo-Vin is the world's newest medicine containing a combination of ingredients found in no other known formula. These ingredients mix with the food in one's stomach, thus relieving the digestion of a heavy burden and permitting the liver and bowels to function properly. It will cleanse your bowels gradually—not drastic or severe) as they may never have been cleansed before and tone them in to better daily action.

It will work on those gases and impurities (frequently from the first dose) which may have been inside you for a long time contaminating your blood and inner organs, spreading and causing you many days of misery with headaches, dizzy spells, skin eruptions, exhausted feelings, bad breath, broken sleep and even acute pains.

The Indo-Vin Man is now at Eckerd's Drug Store, 140 S. Main street here in Marion daily, meeting the public and introducing and explaining this new mixture of Nature's Medicines. Also being sold in all the nearby towns by every good druggist throughout this whole Marion section.—Adv.
